

TIME TO REFLECT

Trip Advisor

Hello reader. I am again quoting from my brother Irv and his wife Kathy who experienced a memorable trip to Spain. "We began our adventure in Madrid with three million people and a metropolitan population of over six million. We fell in love with this city and "labelled" it our favourite city. We toured the Royal Palace and were intrigued with the luxury in which Royalty lived. We took the "fast train" from Madrid to Barcelona reaching a speed to 300 kilometers per hour."

Your everyday experiences show you a bit about God and who He is and what He can do. Our adventure of earth travel came the day God allowed us to breathe the air of earth. This adventure is travelled to show us greater adventures beyond and above what we see. In the one city of Madrid and its surrounding area is six million people. That gives us a small picture of how many people God has created and how full heaven has the potential to be.

The Royal Palace of Heaven will be an amazing thing to see because in part it has been described in God's Word. If we choose this destination where God lives we get to be in on this luxury and enjoy it as our place to live forever. Revelation 21 says: "The foundations of the city walls were decorated with every kind of precious stone...jasper, sapphire, emerald, ruby, amethyst. The twelve gates were twelve pearls. The great street of the city was of gold."

To travel from earth to heaven is a very "fast train." It is just a breath gone from earth and a breath breathed in heaven. It is as quick as a breath. This is going to be the city that we "label" our favourite. ~Laura
